- **Self-evaluation:** https://www.w3schools.com/quiztest/quiztest.asp?qtest=HTML

● **Assignment Project:**

Create a form about personal information. The elements the form should have are:

   i. Two labels and two text box for First name and Second name

   ii. Radio button to select a gender

   iii. File select box to upload the profile image

   iv. Text area box for self-description

   v. Select box to select the country

   vi. Two buttons - submit and reset the form

   vii. Result page to show the information (Optional)

   (Note: Only design using HTML)
